

PROYECTO 2

- Mostrar el nombre completo y el dni de las personas que ha
- un hotel cuyo nombre empieza por S y se encuentra en Madrid

```
select concat_ws(" ", c.nombre, c.ap1, c.ap2) as nombre_compl  
from hotel h  
join cliente c on h.cliente_dni = c.cliente_dni  
join provincia p on h.nombre_provincia = p.nombre_provincia  
where p.nombre_provincia LIKE "Madrid" and h.nombre LIKE "S%"
```

The screenshot shows the Trivago website interface for searching hotels in Spain. The search filters are set to 'Recomendados' (Recommended) for sorting, '0 € - 500 € +' for price, and 'España' (Spain) for location. The results list three hotels:

- Hard Rock Hotel Marbella**: 4-star hotel, 8.2 rating (366 opinions), price 113 €.
- Only YOU Hotel Valencia**: 5-star hotel, 9.4 rating (1295 opinions), price 176 €.
- BLESS Hotel Madrid**: 5-star hotel, 9.2 rating (657 opinions), price 277 €.

A map on the right shows the location of these hotels across Spain, with price markers indicating the range of prices available for each location.
